### Report of Precinct Commissioners

We, the Precinct Commissioners of the town of Alton submit the following report:

The number of lights on January 31, 1923, was 107. We have been asked to locate several new lights, but on account of the cost per light being higher than in 1922, the requests were not granted. The number of lights on January 31, 1924, was 107, with seven lights on the east side of the lake which are used six months of the year.

The Precinct meeting will be held on Saturday, March 22, at 2 p. m.

WILLIS H. REYNOLDS,  
OSCAR E. DAVIS,  
JOHN H. McDUFFEE,

Precinct Commissioners of the Town of Alton.

## Annual Report of the Superintendent of Schools

To the School Board and Citizens of Alton:

I herewith submit my annual report as superintendent of the Alton schools.

### Statistics

Total registration for the school year ending June 30, 1923, was 229; 125 boys and 104 girls. Their location in the grades was as follows: Grade 1, 21; Grade II, 21; Grade III, 30; Grade IV, 22; Grade V, 22; Grade VI, 19; Grade VII, 23; Grade VIII, 16; Grade IX, 26; Grade X, 8; Grade XI, 10; Grade XII, 11. Average membership was 200; average attendance, 186; per cent of attendance, 93. Not absent nor tardy during the year, 8. High school tuition pupils, 9. Visits by school board members, 23; by the superintendent, 168; by citizens, 159. Registration for the present school year is almost the same as last year.

### Teachers

Four vacancies had to be filled by new teachers, three in the Central school and the other on the Mountain.

We are very sorry to lose Mrs. Barr for a time on account of illness. On the other hand we are fortunate in finding a substitute capable of handling a room of 45 pupils.

Never a word of complaint comes from the Bay school.

The teacher engaged for the Mountain District began in the fall but only lasted a few weeks. Miss Lovett, who took her place, is doing very well at present. It becomes increasingly difficult to get teachers of experience to accept a rural school.

We are fortunate again this year to share the expense with New Durham for the Dealand school and feel

that for both towns we have a model rural school in that part of the town.

Alton ought to appreciate the fact of having several teachers in the Central school remain with us for a good length of service. That has been a large factor in the excellent standard and reputation of Alton schools. All of the teachers in this building are overloaded with school subjects.

### Buildings

All of the buildings in Alton at present are satisfactory for school work. Some repairs were made to the Mountain school building during the summer and the building at the Bay was given a new coat of paint.

The Central building was renovated throughout, painted inside and out, and two very good rooms added so that the amount of class room space is sufficient for all purposes and gives the domestic arts department a room of their own with every necessary accommodation. The addition was made at a minimum cost, and great credit is due the ones who had the work in charge. The cost of painting and renovating for so large a building has made the minor repair bill large for this year, but it was very necessary.

We appreciate the extension of the water main with pipe large enough to give us what water is necessary for laboratory purposes and insure proper sanitation in the building.

### Special Activities

I commend to your attention the usual outside activities of the schools which are an important part of school life and training. It was good to see so many parents and citizens as visitors at the open evening session during Education week.

I commend the work of the Dental Clinic conducted by the Woman's Club for a month during the fall term. Much needed work was done on the teeth of the school children.

### Gifts

The 1923 graduating class left for the school a fine teacher's desk for the new high school room and received the thanks and appreciation of school officials and citizens.

The school authorities, teachers and pupils wish to register their thanks and appreciation of the books donated to the school by Mrs. Belcher in honor of her husband, Fred Belcher, whose work as janitor and whose association with teachers and pupils alwas bore the marks of a Christian gentleman.

### School Funds and School Costs

By economic administration and postponement of repairs we had on hand at the beginning of the present school year, June 30, 1923, a good start toward the heavy repair bill on schoolhouses. We hope to match even at the end of the year even though the amount from the state is \$1,000 less than last year. This comes about from the higher assessed property valuation in Alton. However, we have combined the first two grades and have one less on the teaching force.

The standard of salaries has not changed from the last three years. The larger salaries paid in the larger places call many of our teachers after some experience.

The Budget which will be presented by the school board at the annual school meeting contains figures made as low as possible and maintain good schools.

### Conclusion

I have a growing appreciation for the splendid co-operation of school board, teachers and pupils, and thorough backing of the citizens of Alton in trying to give the Alton school children just as good schools as they would have anywhere else in the state.

Respectfully submitted,

F. U. LANDMAN,

Alton, N. H., Feb. 12, 1924.

Superintendent.
